

# Baby Gem™

## BUXUS

*Buxus microphylla japonica* 'Gregem' PP21159

Buxus are the staple plant for edging, hedging, and topiary. Baby Gem is very compact, and will need much less pruning than others, making it ideal for lower hedges and containers. Branches can be used as cut foliage in arrangements or wreaths.

EXPOSURE	USDA ZONES	SUNSET ZONES	DIMENSIONS
Full sun to part shade	Hardy to -20°F, zones 5-10	3B, 4-26	4 ft Height x 4-5 ft Width

### Feature

Exceptionally compact grower; holds color through winter

### Benefits

Compact, Easy Care, Deer / Pest Resistance, Heat Tolerant

### Growth Rate

Slow

### Water

Moderate water once established

### Soil

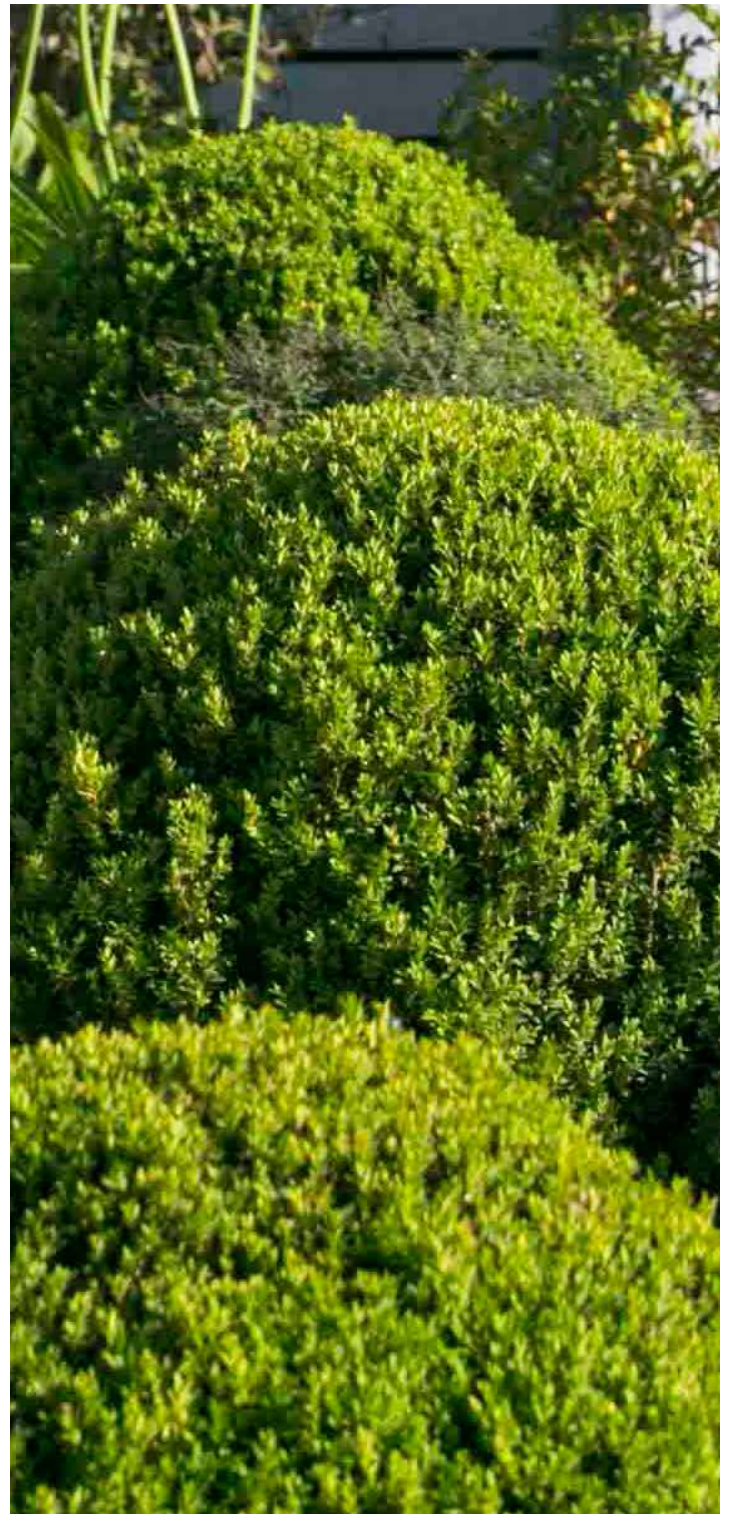

Well-drained garden soil

### Fertilizer

Yearly in spring

### Pruning

In spring

SWCC-102, Current as of 5/1/17
