

'Little Kiss'

SALVIA

Salvia micropylla 'Little Kiss' PPAF

Better behaved than Salvia 'Hot Lips', 'Little Kiss' remains dense and compact at only 18" high, but still has all of the qualities we love in the original. These tough, low water, easy care perennial shrubs will attract pollinators from spring through fall.

EXPOSURE	USDA ZONES	SUNSET ZONES	DIMENSIONS
Full sun	Hardy to 10°F, zone 8-10	7-24	18 in Height x 18 in Width

Bloom

Red and white bi-color blooms spring to fall

Benefits

Water-wise, Heat Tolerance, Deer/ Gopher Resistance, Attracts Pollinators

Growth Rate

Fast in spring and summer

Water

Medium Low water once established

Soil

Well-drained soils

Fertilizer

Apply a balanced slow-release each spring and summer

Pruning

Can shape when actively growing
